

⚠️ WARNING ⚠️

IMPROPER USE OR CARE OF HITCH PINS, CLEVISES AND FARM IMPLEMENT HARDWARE MAY RESULT IN INJURY

- Use maximum diameter hitch pin in shear (drawbar and hitch close together) to avoid overloading pin. Do not exceed working load limit.
- Always inspect before use for wear, damage or distortion. Remove from service if pin is excessively worn or damaged.
- Insure a tight fit (size pin to application).
- Do not shock or impact load.
- Do not side load - center line of load must coincide with the center line of shackle/clevis.
- Do not replace pin or bolt with other than original equipment parts.
